Hi Gina,

I'm not sure who else we would be working with. We've worked with the BLM office on Silverton mining issues. We are heading out with BIA today.

Sorry I didn't answer this. I have been using this iPhone south today that the battery ran down and I left the charger back at my sister's house back where I am staying. I don't believe there are any Department-level people but I think there have been some bureau folks there. I think Bob would know better since Durango is in his Region.
